

Key Features

- Quiet and efficient operation
- Advanced electronic control system
- Liquid bottle probe
- Humidity control
- Energy saving mode
- Can be mounted above the door
- 30°F temperature differential

Features

The Slimline is WhisperKOOL's quietest interior venting self contained unit available. Developed to mount in a living area and designed to fit into the often unused space between the cellar door and ceiling, giving the collector maximum storage capacity. The system is equipped with WhisperKOOL's Platinum Series controller utilizing Advanced System Protection Technology. This features a series of strategically placed monitoring probes, which insure efficient performance and long cooling unit life. With efficiency in mind, the Slimline uses less power than most traditional units while having the ability to cool cellars up to 350 cubic feet.

Specifications

Cellar Size	350 cu. ft.
Dimensions	22"W x 10.25"H x 19"D
Weight	50 lbs
AMPS (starting/running)	17.5/3.5
dBa	Evaporator: 59 / Condenser: 53
Installation	Through-the-Wall, ideally above a doorway
Thermostat	Advanced Digital Control Display
Temp. Delta	30°F temperature differential (maintains proper cellar temperature when exhaust environment does not exceed 85°F)
Warranty	2 year parts and labor / 5 year compressor
Compliance	UL Listed
